Statewide Day of Action

Socorro County Rocks and Rolls!

The County Manager Michael Hawkes and county employees were in Alamo Saturday from 8 a.m. – 5 p.m. and assisted 188 households in responding to their census online! Everyone was happy to see them as the county assisted and issued gift cards mainly for the local mini-mart (Tiistsoh) and other local businesses in Socorro County. Way to go! Next stop is Magdalena.

Otero County Healthcare Services Dept. adopted its first [Community Health Assessment](#) partnering with The Counseling Center, Otero County community Health Council, and other community organizations!

Maintaining Cybersecurity in Uncertain Times

Threat #1: Outdated and siloed security technology creates gaps for cybercriminals to discover and exploit (Upgrade to integrated security platform that can automate managing activities)
Threat #2: Ransomware attacks targeting remote workers are on the rise (Endpoint security with cloud-based EDR systems)
Threat #3: Cybercriminals are looking to the cloud for new ways to breach networks (Use cloud security platforms SaaS, PaaS, IaaS)
Threat #4: New generations of malware further threaten remote workers and those using cloud services (Upgrade workers' anti-malware)
Threat #5: Governments without strong industry partnerships may lack resources to fully defend themselves (Collaborate with cybersecurity partner w/ global threat surveillance)
