

Call for Presentations
New Mexico Wildland Urban Fire Summit
November 16-18, 2022
Santa Fe, NM
Proposals due September 12, 2022

Theme: *Community Recovery, Cultivating Resilience*

Themes should focus on collective recovering from wildland fire effects and how to build capacity for the future to adapt and respond to a longer and more intense fire season and the impacts. We invite you to submit a proposal that focuses on our theme and share experiences and lessons learned that will help others who share similar challenges in New Mexico's rural and urban wildland interface. Presentations should be non-judgmental and solution oriented.

Audience

Fire service volunteers and professionals, non-profit conservation groups engaged in fire adaptation, and federal, state, and local government representatives.

Types of Presentations

- ❖ **Mini Talk** (up to 15-minutes)
Short presentations that tell stories, share challenges, and show how practitioners are rising to the challenge. Talks could be prerecorded videos and/or can be part of a small topical group panel.

- ❖ **Peer Learning Session** (30-minutes)
Focused on successes and failures, a learning exchange is reciprocal, active, adaptive, and participatory. <https://fireadaptednetwork.org/resource/fac-net-facilitators-guide-hosting-learning-exchange/>.

- ❖ **Group/General Presentation** (45 minutes - 1 hour)
Broader topics such as research findings and large-scale issues.

Submission Requirements (due Monday, September 12, 2022, to awebb@nmcounties.org)

- Maximum 20-word title (including subtitle) of presentation/video
- Maximum 100-word description of presentation/video
- Speaker biography (1-3 sentences)
- Audio/visual needs (or other needs)
- Note: prerecorded videos will be accepted for consideration

Selected Presentations

Selected presentations will be announced by **October 5, 2022**. If selected as a presenter, your presentation, or an outline is due by **October 21, 2022**.

Contact Information
