

Broadband Day at the Capitol! NMC Government Relations Katherine Crociata was recognized for her leadership with the Connect NM Council for Broadband. Los Alamos County Broadband Manager Jerry Smith shared a table with NMC to educate legislators and community members on the importance of broadband expansion in our state. The state is connecting counties for six regional meetings to be held during March and April for counties to learn their role in working with providers or middle-mile vendors to help expand broadband to unserved and underserved communities. The more locations that are identified as unserved, the more money the state receives to help counties expand their reach for online services. Meeting dates TBA.
