WELCOME

Dear Conference Attendees:

Welcome to the 2024 NMC Legislative Conference! Your counties do amazing work for New Mexicans. This conference brings us together to network and collaborate on issues affecting our communities. It also provides an opportunity to meet with public elected officials who are in Santa Fe for the legislative session and request support for our priorities. Please take the time to visit with local, state, and federal representatives to share your story about the services your county provides to New Mexicans. Please also stop by the exhibitor and sponsor booths to thank them for contributing to a successful conference and learn more about the services they provide.

This past year, we have been working on President Mark Cage's initiative, the I.G.N.I.T.E. Program (Inmate Growth Naturally and Intentionally Through Education). The program offers comprehensive education, job certifications, post-incarceration work opportunities, and assistance to incarcerated individuals. We are proud to host two opening session guest speakers, Sheriff Chris Swanson who created the program and Sheriff Jim Skinner who implemented the successful program.

We hope your time at the conference is meaningful and productive. Progress happens when all 33 counties come together. New Mexico is 33 strong!

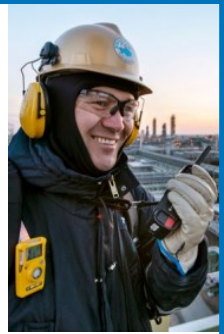

Best regards,

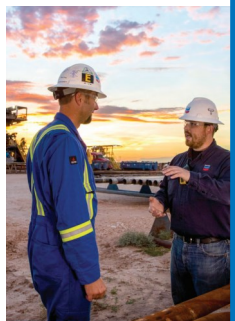

Mark Cage
NMC President &
Eddy County Sheriff

HB 2 Appropriations

Firefighter/EMS Recruitment & Retention

Appropriate reoccurring funds to NMDHS to be administered by the State Fire Marshal's Office for fire departments to staff, recruit, and retain career and volunteer firefighters and EMS personnel. Call volumes have increased by 50% and response systems are overburdened. The average volunteer age is 65 years.

Emergency Medical Services

Create a line item in the DOH EMS Services Bureau budget with \$10 million to assist local government EMS services. Services have been significantly underfunded for years and are vital to the health and welfare of New Mexicans.

RISE Funding

Make permanent and increase HSD funding for county participation in the RISE (Reach, Intervene, Support, and Engage) Program.

Courthouse Funding

Appropriate \$20 million to AOC for county courthouse matching fund. Counties maintain that courthouses are a state responsibility and that the rising costs of construction, security, and IT necessitate a shared revenue stream.

Detention Reimbursement Fund

Fully fund the County Detention Facility Reimbursement Act Fund to reimburse counties for the actual cost of housing state inmates. The 5-year average cost to house NMCD inmates is \$7.5 million. Current funding is \$5 million.

Prisoner Transport & Extradition

Create a line item in the DFA budget with \$750,000 to reimburse counties that provide transportation for state prisoners. Statute 4-44-18C NMSA requires the state to reimburse counties for state prisoner transport and extradition.

Detention Recruitment & Retention

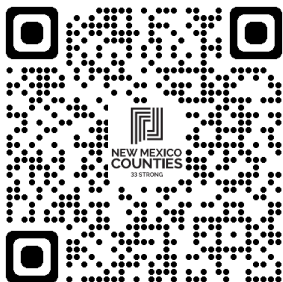

Appropriate \$10 million to the newly formed Corrections Workforce Capacity Building Fund administered by DFA. Adequate detention staff are essential to a safe well-operated facility which is directly correlated to community safety.

State Health Benefits Plan

Create a State Health Benefits Fund solvency plan to address the estimated \$149 million deficit. Ensure fund solvency and guarantee proper notice to enable local public bodies to budget for increased costs moving forward.

Elected Official Salary Increase

Increase the salary cap for newly elected county officials by 15% with a provision for future adjustments to track the Consumer Price Index (CPI). Historically adjusted approximately every four years. Increase must be in place when newly elected officials take office in 2025. CPI provision eliminates the need for repeated legislative action.

ATTENTION ATTENDEES

Out of respect for fellow county members and all participants of the conference, all attendees are expected to comply with New Mexico Public Health Orders in place during the time of the event. Protocols are subject to change based on CDC Guidelines and NM Public Health Orders.

NMC Meetings & Events Policy

Individuals may not engage in political activities or distribute campaign literature at NMC sponsored meetings or events. Literature will be removed and those who continue to violate this policy may be asked to leave the event.

Registration Desk

The registration desk is located at the SFCCC. Please visit the registration desk if you need any information, special assistance, or questions.

Name Badges

NMC requests that all conference participants wear their name badge to all meetings and events. During daytime events, individuals without name badges will be asked to return to the conference registration desk to verify their registration and receive a duplicate name badge. During evening events, participants without their name badges will be asked to return to their hotels to retrieve them in order to attend the event.

Drink Tickets

Drink tickets will be distributed to attendees when they check in for registration. Drink tickets are only valid at the specific event and date identified on the ticket.

Guest Tickets

Guests of attendees may purchase a guest ticket for \$25/event at the registration desk or at the door for each conference event. A limited number of event tickets may be offered based on space availability.

Conversations & Electronic Devices

As a courtesy to all attendees, we ask that you silence electronic devices and refrain from conversations during all meetings and general sessions.

Consumption of Alcohol

NMC requests that all attendees and guests adhere to the "Alcohol Consumption Policy" of the NMC Conference Meetings Policies. These policies are available by contacting the NMC office or by downloading them from the NMC website. Alcohol shall be consumed in a responsible manner. NMC encourages individuals to use designated drivers or call for a cab when drinking. NMC provides transportation to and from all events that serve alcohol. The vendor of alcoholic beverages at our events reserves the right and has the responsibility to refuse service when appropriate.

Hospitality suites of any kind are **not** allowed at NMC conferences or meetings, whether in a private room or public area.
