

Moving FORWARD

Guided Discussion

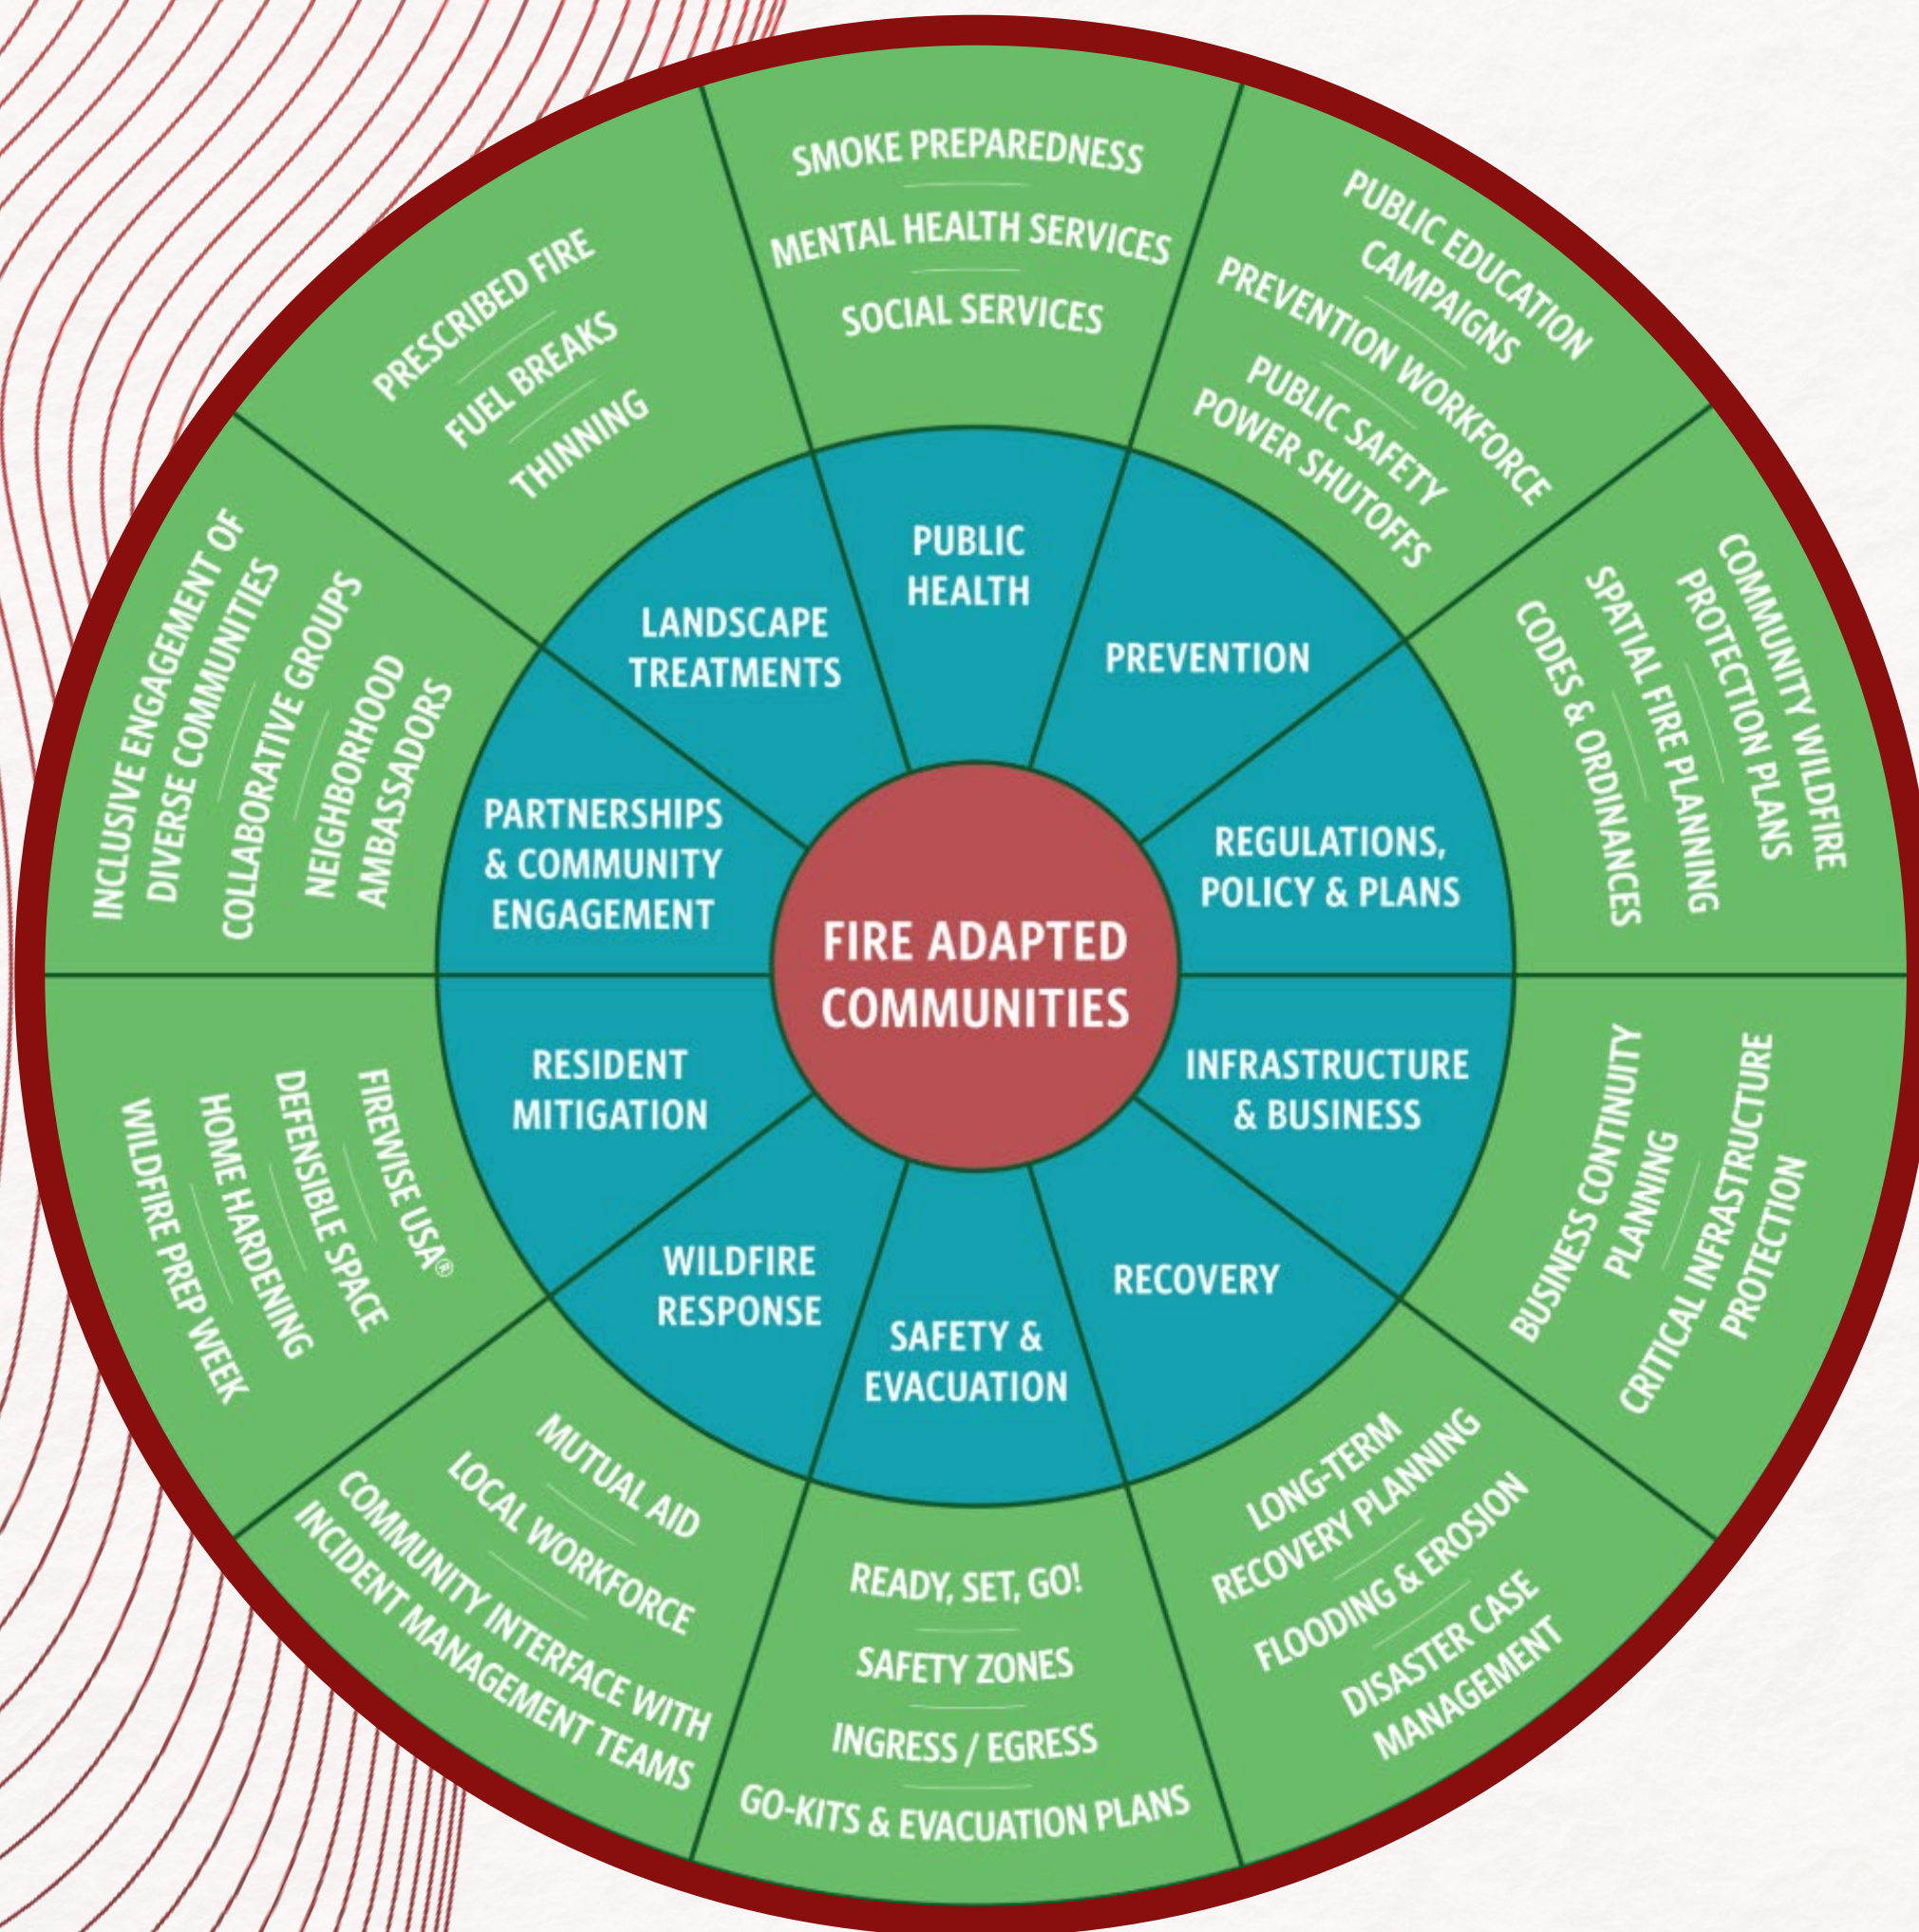

2025 NM WUFS

October 1

FAC FRAMEWORK

Describes a set of components that make up community wildfire adaptation, and gives examples of specific programs and activities that communities can undertake to reduce their wildfire risk and increase their resilience

Given the changing paradigm at the federal level, we're looking at a landscape that potentially includes less federal funding and capacity.

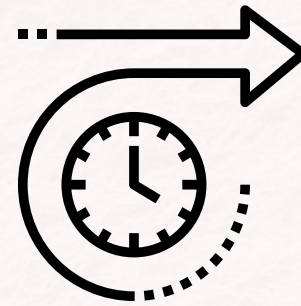

FAC COMPONENTS IN A CHANGING LANDSCAPE

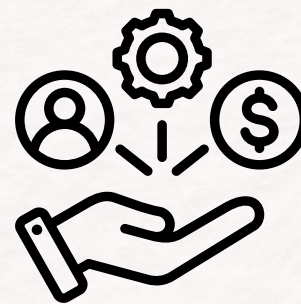

CONSIDER:

WHAT GAPS OR BLIND SPOTS DO YOU SEE IN YOUR ROLE/COMMUNITY WHEN IT COMES TO THIS FAC COMPONENT?

WHAT LONG-TERM STRATEGIES COULD HELP YOU STRENGTHEN THIS FAC COMPONENT IN YOUR ROLE/ COMMUNITY?

WHAT RESOURCES, TOOLS, OR TRAININGS WOULD BEST SUPPORT YOUR EFFORTS IN ADVANCING THIS FAC COMPONENT?

HOW CAN WE WORK TOGETHER TO BRING THESE IDEAS FORWARD? (PARTNERSHIPS, FUNDING OPPORTUNITIES, OR ENGAGEMENT WITH THE NM LEGISLATURE?)
